Helmet Compatibility

PATENTED SPEED-CLIP™
System For Quick Strap
Adjustment

PRODUCT DESCRIPTION

The ESS **FirePro-1977™** goggle series features a low-profile design that prevents helmet interference and increases peripheral vision. The patented Speed-Clip™ system facilitates quick strap adjustment, even with gloves on. All goggle components are heat and flame resistant, including the durable OpFoam™ face padding. Asian-Fit model also available.

The **FirePro-1977 EX™** features the patented Snap-On/Snap-Off™ helmet mounting system, which allows the goggles to be stored in a pocket when not in use, then deployed in seconds.

ESS **FirePro-1977™** Goggles are certified as compliant with NFPA 1977-2016 Edition, including the 350°F for 5-minute oven test. Tear-Off Lens Covers are available as accessories.
